"I Want to Ask

your wife, neighbor, where she gets that fine coffee we had for supper. It's the best I've drunk in many a day. I want Martha to get some just like it.

"Well, Deacon, I can tell you that. It's some of a new lot they've just got in down to BANE's grocery store. They call it

Home Brand Mocha and Java

and they charged me but 40c a pound for it."

"Well, that's a great grocery store, sure as you're living, neighbor. About everything that comes from there seems to be better than you get at any other store. And folks are getting onto this fact, too, I guess, for it 'pears to me as though everybody on our street was trading there. But, sure as shooting, I'm going down there first thing tomorrow for some of that coffee, and some of those fine new vegetables and fruits, lettuce, radishes, onions, pie plant, asparagus, spinach and cucumbers. Everything fresh and clean."

FROM THE PATTERSON CASE.

Lawyer Levy Announces His Final Withdrawal.

New York, May 18.—Abraham Levy, who defended Nan Patterson during her three trials for the murder of Caesar Young, announced during the day that he had withdrawn from the case, finally and absolutely. Mr. Levy said he understood that Miss Patterson intended to accept an offer from a theatrical manager and added that he strongly disapproved of such an action.

LAST FRIENDLY PORT

ROJESTVENSKY'S WARSHIPS SUP-

POSED TO BE HEADED FOR KWANGCHU BAY.

POSSESSES FINE ANCHORAGE

SPLENDID PLACE FOR RUSSIANS TO PREPARE FOR THE LAST STAGE OF JOURNEY.

London, May 19.—Now that it seems definitely established that Vice Admiral Rojestvensky has started on his northward journey there is a great revival of interest here in the far Eastern campaign. Kwangchu bay, where provision junks are said to be waiting for the Russian fleet, is the most northward of French possessions on the Chinese sea and the last port which Rojestvensky can select for his final departure to meet the Japanese. It has a fine anchorage and a sheltered channel where a large fleet may ride in safety.

Reports still circulate in London to the effect that the Russian Pacific fleet's coaling arrangements are extremely inadequate and have been the main cause of its prolonged stay in Indo-Chinese waters and that the admiral is finding ever-increasing difficulty on this score.

The correspondent at Tokio of the Daily Telegraph says it is expected the Russian fleet will sail on Saturday or Monday toward Amoy or Foochow.

ASKED TO LEAVE VLADIVOSTOK.

Foreign Agents Requested to Quit Russian Fortress.

Washington, May 19.—Richard S. Greener, American commercial agent at Vladivostok, has cabled the state department that all the foreign commercial agents there have been asked to leave Vladivostok fortress and are given permission to reside in the cities of the maritime provinces. Mr. Greener himself was just leaving Vladivostok for Haborowsk.

It is recalled here that a similar measure was adopted by the Russian authorities at Port Arthur at the beginning of the investment of that place by the Japanese land and sea forces, and hence it is assumed that Vladivostok is expected to become a center of the seat of war very soon.

RAIN RUINS THE ROADS.

Will Necessitate Period of Military Inactivity in Manchuria.

Gunshu Pass, Manchuria, May 19.—After several days of rain a violent downpour set in during the day which has ruined the roads and will necessitate a period of military inaction, besides being likely to increase sickness in the camps of the two armies. Luxuriant vegetation is springing up, which will furnish green fodder and so favor future operations by cavalry.

According to Chinese reports, the Japanese are strengthening their left wing and also are sending important reinforcements to Korea, but no changes in the position at the front have been noticed.

VARIAG ALMOST COMPLETED.

Former Russian Cruiser Will Soon Fight for the Japs.

Victoria, B. C., May 19.—Advices from Japan state work on the cruiser Variag, being raised at Chemulpo, is almost completed. She will be ready for service about June 1. A small warship sunk near the dock at Port Arthur will soon be raised and placed in commission. The work of refloating the war vessels at Port Arthur was begun on May 15. There are good prospects of saving six.

PALLADA ALREADY RAISED.

Port Arthur Warships May Be Saved by the Japs.

London, May 19.—The Daily Telegraph's correspondent at Tokio telegraphs as follows:

"The Japanese admiralty considers that the Peresviet, Poltava, Retvizan, Pobieda, Bayan and Pallada can all be raised at Port Arthur and repaired at an approximate cost of \$750,000 each."

Special dispatches from Shanghai assert that the Pallada has already been raised.

APPEAR NORTH OF CHANGTU.

Russians Fire Several Guns and Then Retire.

General Oku's Headquarters, May 19.—At noon a Russian force consisting of three or four companies of infantry; seven or eight squadrons of cavalry and three or four guns appeared north of Changtu from the direction of Fenghu. After firing several guns they retreated in a northerly direction.

NOT IN THE HEAT OF PASSION.

States Tries to Show Murder of John Keller Was Premeditated.

St. Paul, May 19.—The state, in the cross-examination of William Williams, charged with the murder of John Keller at No. 1 Reid court on April 12, during the day attempted to show that the murder was not committed in the heat of passion and on the impulse of the moment. The county attorney introduced a number of threatening letters written by Williams to "Master John Keller, No. 1 Reid court," Williams in his direct examination had explained his relations with young Keller by saying that he wanted the boy to have an opportunity to attend school and also to learn the steam fitter trade.

When Williams took the witness stand in the morning he resumed his story where he had left off the afternoon before, just as he was leaving the Lexington hotel to go out to the Keller home. When he arrived there he said Mrs. Keller began to quarrel with him and she kept that up after he and John had gone to bed. He was unable to sleep because Mrs. Keller continued to talk and at last he got up and dressed, intending to leave the house. The front door was locked and he started to go through Mrs. Keller's room and as he entered the room she confronted him with the revolver in her hand. She started to push him and from that time his mind is a blank until he found himself standing in the middle of the floor with the revolver in his hand. He knew absolutely nothing of what had happened and when Mrs. Keller asked him to go downstairs and tell Mrs. Kline to come up he did so. After leaving the house he went to the police station where he asked the officer in charge to send a doctor to No. 1 Reid court, as some one had been shot.

The case will probably go to the jury during the day.

President Parry Again Elected.

Atlanta, Ga., May 19.—The tenth annual convention of the National Association of Manufacturers came to a close after selecting New York for the meeting place in 1906, re-electing D. M. Parry of Indianapolis as president and ordering that the association be incorporated under the laws of this state.

NEW YORK THE BASIS

COMMERCE COMMISSION GIVES DECISION IN DIFFERENTIAL FREIGHT RATE CASE.

Washington, May 19.—The interstate commerce commission during the day in a lengthy opinion by Commissioner Prouty, announced its decision in the "differential freight rate case," involving the seaboard differentials as between New York, Boston, Philadelphia and Baltimore. The case was submitted to the commission for arbitration by all of the parties interested.

The finding of the commission is with respect to differentials on export traffic, first, that the differential per 100 pounds below New York on flour, all rail and lake and rail, should be reduced to two cents at Baltimore, and one cent at Philadelphia; second, that the existing differential on ex-lake grain from Buffalo, Erie and Fairport should be reduced to three-fourths of a cent per bushel below the rate to New York and be allowed both to Baltimore and Philadelphia; third, that otherwise, the present export differentials should remain in force.

By agreement of all parties domestic traffic was excluded from consideration. For that reason no opinion was expressed concerning the relative rates on import traffic.

Commissioner Clements filed a dissenting opinion opposing the fixing of any differentials by the commission in this case.

The decision is regarded by the members of the commission as one of vast importance, as it is more than thirty years since an adjustment was reached by which the rates to New York were made the basis of those to the other ports, Boston being charged the New York rate, Philadelphia being allowed a rate of two cents per 100 pounds lower than New York, and Baltimore a rate of three cents lower. Norfolk and Newport News have been accorded the same rates as Baltimore. These so-called differentials, however, have been the subject of repeated controversy and at times have terminated in so-called rate wars.

Dr. Moffatt Elected.

Winona Lake, Ind., May 19.—Dr. James D. Moffatt, president of the Washington and Jefferson college, Washington, Pa., was elected moderator of the Presbyterian general assembly during the afternoon. There was no opposition.

Claims He Acted in Self-Defense.

Fargo, N. D., May 19.—Late in the afternoon Nick Miller, alias Stein Kamp, surrendered himself to the police and acknowledged stabbing Charles Dolman to death. He claims he acted in self-defense.

Summer Hosiery—Just Your Kind

In our selections we have planned for the baby, the Miss, the boy and grown-up girl. In every instance we have considered the size of every purse, but a greater care was taken to secure only dependable qualities. From these items you should be able to make a selection:

For the Infant—Cashmere ribbed hose with silk heels and toes—blue, pink, white, black and striped at 25c—SILKOTINE hose (mercerized) black and white with colored heels and toes at 15c—BLACK HOSE in all sizes for the infant at 10c—FANCY HOSE very prettily striped for the little one at 25c.

For the Miss—at 15c we offer a splendid line of plain black ribbed seamless hose—LISLE HOSE at 25c a very fine ribbed for the Miss—TAN HOSE a three thread lisle tan hose at 25c—WHITE LACE HOSE very pretty patterns—mercerized and look like silk at 25c

Ladies Hosiery—PLAIN BLACK hose at 15c, a seamless quality with plain or ribbed top—At 25c we show a hose which is a "winner". It is without a seam and our patrons say they are not to be equaled in wear—WHITE SOLE or split foot hosiery, all ribbed hosiery, ribbed top hosiery and every other style you may wish at 25 to 50c.

Fancy Lace and Tan—These are the popular kinds at present and the ones this warm weather will cause you to feel the need of. Very neat lace hosiery in black and tan from 25c to 75c—SILK HOSE—some splendid qualities in silk hose at from \$1.75 to \$2.50.—OTHER qualities we have and all are at our characteristic low prices.

For Warm Days Plenty of light weight waists and shirt waist suits in white and light colors, see them tomorrow.

From Japan

The Japanese have long been identified with fine needlework. The latest that we are in receipt of, is a beautiful line of hand drawn work of the finest linen. They are the daintiest and neatest we have shown. They are within the reach of all—39c, 50c, 75c and \$1.00.

Ribbons

We are also showing some pretty new fancy ribbons for neckwear.

HANGING IN BALANCE

PEACE IN TEAMSTERS' STRIKE

AT CHICAGO SEEMS AS FAR AWAY AS EVER.

RIOTING AGAIN BREAKS OUT

POLICE ARE COMPELLED TO USE

CLUBS VIGOROUSLY TO DISPERSE ONE MOB.

Chicago, May 19.—Peace in the teamsters' strike is still hanging in the balance. A settlement now seems further away than it did twenty-four hours ago.

It was confidently asserted by the Teamowners' association that the teamsters had consented to arbitrate with them the question of whether or not union teamsters should make deliveries to the boycotted houses. President Shea of the teamsters' union at night upset this arrangement entirely, saying he had never agreed to any such proposition. Members of the Teamowners' association, however, stated just as positively that the officials of the teamsters' union had agreed to such an arbitration.

This misunderstanding caused a halt in the impending settlement and a meeting was arranged between the teamowners and the teamsters.

The teamowners and the officials of the teamsters' union held a protracted meeting Thursday night, at the conclusion of which the members of the teamsters' joint council announced that they would submit a final answer Friday night to the request of the teamowners that union men deliver to houses affected by the strike.

Rioting Resumed.

The cab drivers at a meeting which lasted until after midnight decided that they would hereafter deliver passengers to whatever point they wished to go, no matter whether a strike existed at the place or not.

For the first time in several days the spirit of rioting broke out during the day. One of the disturbances at Twenty-second street and Indiana avenue blocked all traffic and delayed street cars for half an hour. The police were compelled to use their clubs vigorously to disperse the crowd and made several arrests. The nonunion driver who was the original cause of the outbreak through no cause of his own was badly beaten before the police could save him.

In some portions of the South Side a violent antagonism to union men has developed and the teamster wearing a union button in driving through those sections meets with about the same treatment as a nonunion man does in passing the teamsters' quarters. Several union teamsters were attacked during the day near Twenty-third street and Wentworth avenue and their union buttons torn off. The nonunion men were also severely punished before making their escape.

Gompers Accomplished Little.

President Samuel Gompers of the American Federation of Labor, who has been in Chicago for the past three days negotiating for peace in the present trouble, left for Dayton, O., at night. Before leaving Chicago Mr. Gompers said that so far he had accomplished very little but the prospects were that both sides would soon be able to reach a basis where a settlement of the difficulty would be decided upon. If the trouble is not settled by Saturday Mr. Gompers will renew his efforts to end it then.

President Shea of the teamsters' union was the chief witness in the hearing during the day before Master in Chancery Sherman. He refused to answer the great majority of questions put to him, declaring that his answers would tend to incriminate him. His evidence was interrupted by repeated wrangles between the attorneys, which consumed much time and in which both sides displayed much bitterness. Finally in order to allow the belligerent lawyers sufficient time in which to cool their passions, the master adjourned court for the day.

The parents of six children who have taken part in the recent school strikes because of the delivery of coal by nonunion men, were arraigned during the day before Justice Hurley. Each one of them was fined \$20 and costs for not sending the children to school.

FAVOR ROOSEVELT'S PLAN.

New York Bankers Kill Resolution Opposing His Ideas.

New York, May 19.—The Savings Bank Association of New York, which held its annual session in this city during the day, declined to adopt a resolution opposing the granting of further powers to the interstate commerce commission and cheered a speech by former Democratic Congressman William J. Coombs of Brooklyn urging the bankers to do nothing to be the hands of President Roosevelt. Two hundred bankers, representing savings institutions from all parts of the state, were present.

Was in Torture all the Time. Had Pains in His Back.

Dr. Fenner, Fredonia, N. Y.

Dear Sir:—Some six months ago a friend recommended to me your justly celebrated Kidney and Backache Cure. I was at that time suffering intensely from pains in my back.

My work daily aggravated the complaint and I was in torture all the time. After taking two bottles of your medicine I was relieved and two more completely cured me. I feel like a new man now, thanks to your Remedy, and unhesitatingly recommend it to those suffering as I was.

Sincerely yours, Howard Sproule,

NOTHING NEW AT BANK

Examiner Kerst Left for St. Paul this Afternoon and Will Not Return Until Next Tuesday.

There is nothing new in the Northern Pacific bank situation today. The officers are assisting Deputy Examiner O'Hern in checking up and it is now thought that it will take several days before any figures can be given out. Examiner Kerst left for St. Paul today and does not expect to return until next Tuesday. He stated just before he left that the work of checking up would consume several days yet and that until this was all done nothing in the way of figures could be given out.

Whatever Noah's short comings were, he knew enough to go in when it rained. Next time it rains, drop in at one of our stores and buy yourself an umbrella. We sell a steel rod umbrella with a good cover as cheap as 75c. We have extra quality silk umbrellas as high as \$10 and about any grade you might wish, in between. These bountiful rains mean an immense crop of everything this summer. This will certainly be a rip snorter year. The tourists are good fellows; they don't mind a little rain; it makes them happy to see us all so happy. Now, cheer up and stop kicking. I believe worry kills more people than the doctors do. Remember, it's the man who gets corn bread and bacon at home who does the most kicking at a hotel. You live in the greatest town on top of earth. You can grow with it the same as the Linne-mann's store has, or you can get crowded up a side street and be forgotten. Gee! I only wish I was big enough to run a Linne-mann store. I'd try and talk the old man into having one in every block.

HAPPY WOMEN

Plenty of Them in Brainerd, and Good Reason for it.

Wouldn't any woman be happy, After years of backache suffering; Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Brainerd reader Should suffer in the face of evidence like this:

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "I believe that after what Doan's Kidney Pills did for me they will do for anyone similarly troubled. Before using them I suffered for six months from my kidneys. There was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at a drug store and I took them with the result that they acted like a charm. I can truthfully say that I have not had a symptom since."

On October 28, 1904, six years after giving the above statement Mrs. Zellers says: "I am just as glad to recommend Doan's Kidney Pills today as I was in 1898. I have not had an attack of kidney trouble since I used Doan's Kidney Pills, and must give them credit for a permanent cure."

St. Cloud, May 18—The opening day of the Northern League season was an auspicious one.

The Duluth Northern league team defeated the St. Cloud-Brainerd combination in the opening game of the season here by a score of 9 to 0. The St. Brains showed a lack of practice and were unable to locate Potts' curves. Howell allowed fourteen hits and Potts was tapped for three only.

White made the only error of the game and while the scorer gave him an error for it it was a close decision. The umpire was not as fair as he might have been on strikes and balls, but his other decisions were good and were not commented upon unfavorably.

A crowd of 600 people witnessed the game and the St. Brains' defeat was a bitter disappointment, although the game did not show what White's men are capable of doing by any means. Ryan, Ripley and White played the star game and Kelly, Howell and Williams secured the three hits.

Duluth has a strong team, but White expects to make a better showing tomorrow. He will probably put Gilchrist in the box and play Howell at first. The St. Brains are a little weak as yet with the stick. The score follows:

PLAY HERE TOMORROW.

The St. Brainerd and Duluth teams will arrive in the city tomorrow afternoon and will play their first game on the local grounds at 3:30 o'clock. There will be a short parade before the game and Mayor O'Brien will be present at the grounds to pitch the first ball. Gilchrist will probably be the slab artist tomorrow. Tickets for the games tomorrow and Sunday are on sale at H. P. Dunn & Co's. The game tomorrow will be witnessed by a large crowd. "Hank" Williams and Pitcher Gilchrist arrived from St. Cloud this afternoon and are looking after the arrangements for the game tomorrow.

FOUND!

After TEN YEARS' WORK, at a cost of \$50,000.00, our Chemists and Physicians discovered that for which Science has striven since the beginning—

A Positive Cure for Disease

—NUTRIOLA AND NATURE do the work perfectly. NUTRIOLA gives NATURE the constructive material with which to build new tissue in every part of the system; makes Red Blood Corpuscles, and from them new cells. NUTRIOLA also makes the White Corpuscles strong and active. They are disease destroyers—the only ones known. They drive every disease germ—every microbe out of the system.

IF WELL, WE GUARANTEE TO KEEP YOU WELL AND TO LENGTHEN YOUR LIFE FOR YEARS. IF YOU ARE SICK, WE GUARANTEE TO CURE YOU PERFECTLY AND PERMANENTLY OR IT WON'T COST YOU A CENT.

These are strong statements. We want you to know that they are backed by \$500,000.00 Capital Stock, 4,000 responsible Stockholders, a good Bank Account and first-class Commercial Rating. We are the largest and most reliable concern in the world making a business of treating disease.

Nu-tri-ola MAKES YOU NEW ALL OVER Nu-tri-ola

It is the first and only Preparation ever made that gives Nature power to drive every "germ," every "microbe," every bit of disease out of the body and at the same time make it "NEW ALL OVER" by creating new cells in Brain, Nerves, Muscles, Bones and Flesh. This is done by producing perfect DIGESTION, perfect ASSIMILATION, making RICH RED BLOOD CORPUSCLES full of nutrition, filling the body with OXYGEN, and by making the WHITE CORPUSCLES—DESTRUCTORS OF ALL DISEASE GERMS—active and aggressive. NUTRIOLA AND NATURE are invincible conquerors of disease. No doubt about it. We are proving it in hundreds of cases every day. WE HAVE A STAFF OF THE FINEST PHYSICIANS, CHEMISTS AND SURGEONS IN THE UNITED STATES. YOU MAY CONSULT THEM PERSONALLY OR BY MAIL AND HAVE CHEMICAL, MICROSCOPIC OR X-RAY EXAMINATIONS—FREE. NO FEES. We cure CANCERS, RUPTURES, TUMORS AND PARALYSIS without pain or knife. We supply everything for the most desperate cases, and we CURE EVERY PATIENT. Our Charges? You will smile when we tell you that the cost of basic treatment is only 8 Cents a Day! 25 days' treatment, \$2. Understand, it does not cost you one cent unless we cure you. If your life is worth anything you cannot afford to miss this offer. ASK YOUR DRUGGIST FOR NUTRIOLA.

WAS REMEMBERED BY BROTHER ELKS

An Especially Interesting Session of Brainerd Lodge, B. P. O. E. at Hall Last Night

PAST EXALTED RULER MATTES

Was Present and was Given Honorary Life Membership and Beautiful Card Case

There was a very interesting session of the Brainerd Lodge, B. P. O. E., No. 615 last night when something like one hundred members gathered. There was no initiation and but little work in the lodge proper was done, but the feature of the evening was the presence of Past Exalted Ruler A. L. Mattes.

Mr. Mattes' presence was taken advantage of and he was presented with an honorary life membership voted for him at a former meeting of the order. He was also remembered by some of his

friends with a beautiful gold card case which was appropriate with the membership voted. This occasion, coming as it does but a few times in the history of any lodge, was then one of the most important functions since the organization, and the sentiments expressed last night will be indelibly written on the memories of all who were present.

The honorary life membership is one of the highest honors that could be paid any man, and as Mr. Mattes has been identified with and has worked for the interests of the lodge with a zeal that is unparalleled the honor was but just.

After the regular order of business had been dispensed with and while under the head of the good of the order Judge W. A. Fleming was called upon for a few remarks by Exalted Ruler Johnson and in making the presentation he said:

"Exalted Ruler and Brothers: In all our relations and intercourse with each other we should always strive to do right, and I believe that, in the main, we do this. I do not believe that it is true, as some have asserted, that men are selfish and ungrateful beings. When we listen to conscience—that great monitor of the soul—we cannot go astray. But think as we may, do as we will, there come

times to all of us when we are in doubt, and we sometimes make mistakes. However, in the great majority of cases, we find ourselves ready to do the right thing, and to say the right thing. There can be no doubt but that through selfishness or ungratefulness, men are often robbed of their just and well earned rewards. Great and good men, deserving men, if you will, have gone down to oblivion, unwept, unhonored and unsung, because of these traits in the character of men. In the smaller as well as in the larger concerns of life, we find ourselves confronted with the same condition of things. Men, and associations of men, often do the wrong thing, and say the wrong thing, in their associations with each other, sometimes through doubt, and sometimes as the result of negligence or carelessness. This lodge has had to meet and dispose of certain duties and obligations in the past, and we feel that no mistakes have been made.

"If any such mistakes have been made, it was because of their great-souled generosity. To paraphrase one of our mottoes, 'We have written the good deeds of our brothers upon the records of the lodge—while their faults—they had none.'

"When this lodge was in its infancy, while it was being built up, there arose one of our members, who, for all that pertained to the good of the lodge, and of the order, proved himself to be a giant elk amongst us, one whose feet were fleet enough and whose antlers broad enough, to reach and meet every emergency. His zeal was unbounded, and his labors untiring. We testified our appreciation of his good work by the gift of a beautiful gem. And no mistake was made in so doing. Our brother, whose name I need not here mention, wears that little token of remembrance today as proudly as ever king wore his coronet.

"Soon there was found another whose work and untiring efforts for the good of the order, whose good work in the lodge room and out of it, won the admiration of all. No knight ever bore his lance more faithfully than did this brother perform his duties in this lodge of Elks. And we have gladly, willingly and proudly tried to honor him for it. Brother Mattes, I cannot find words with which to express the feelings of brotherly love and gratitude which spring from every heart in this lodge room, for it is to you I refer. It were useless to try. I could not, if I would, tell you how anxiously, how freely and how gladly each and all of us desire to let you know and make you feel that your work has not been forgotten by your

brother Elks. It would be impossible for me to tell you how many kind words were spoken, how many good things were said on the occasion of which I speak. I must not attempt it. Actions always speak louder than words, and it is to the action of the lodge you must look to find the true meaning of it all.

"Brother, I have the honor and pleasure of presenting to you on behalf of your brother Elks a life membership in this lodge. We ask you to accept it and keep it, and when in the future you look upon this evidence of the action of the lodge, have the sweet consolation of knowing that we present it to you because we love you and because you have earned it. You shall always have the best wishes of every member of Brainerd Lodge No. 615.

Mr. Mattes was so overcome that he could not say a word and there was a deep silence for a few moments when Past Exalted Ruler J. T. Sanborn walked toward the chair where Mr. Mattes was seated and added to the significance of the occasion by presenting him with a beautiful card case, the inside of which is a fac simile of the regular membership card, except that it is an honorary life membership card. This card was presented to Mr. Mattes by his following warm personal friends: J. T. Sanborn, G. H. Cook, H. P. Dunn, S. R. Adair, H. D. Treglawny, J. A. Thabes, W. A. M. Johnston, S. F. Alderman, F. S. Parker, E. O. Webb, W. A. Fleming, W. H. Cleary, F. A. Farrar, J. J. Howe Sr., A. G. Trommald and John Carlson.

Judge Sanborn was at his best and briefly, though touchingly, made a few remarks. The case is one of the most beautiful ever seen and was a most befitting present to go with the honorary life membership.

Finally Mr. Mattes did manage to respond and in a few well chosen remarks thanked the lodge and his friends.

Following this there was a social session during which music was furnished by the Elks orchestra, Judge S. F. Alderman and A. L. Mattes, and the whole wound up with a good "feed." It was one of the most enjoyable affairs in the history of the local order.

GRAND JURY IS DISCHARGED

Several Indictments Were Returned but Only Two Arraignments Have Been Made

DEFENDANTS PLEAD NOT GUILTY

J. M. Buckley and Walter Brandt Charged With Assault in the Second Degree

The grand jury completed its labors last night and they were discharged by the court. The report of the jury was very brief, in fact, the only report that was made was that they had investigated the county jail and found everything in good shape.

Five indictments were returned but only two of these have been made public by the arraignment of the prisoners in court this morning. The first one was the case of the state against Walter Brandt, charged with assault in the second degree, Annie Webber being the complaining witness. Young Brandt pleaded not guilty. The parties live a short distance in the country.

The other indictment was against Chas. Buckley. He is charged with assault in the second degree and also pleaded not guilty. Buckley is the man who is claimed to have assaulted an old man by the name of Julius Kreklau at Daggett Brook last Fourth of July. Buckley is claimed to have assaulted the old man with a stone. It created quite a stir at the time at Daggett Brook and the old gentleman was sure that an attempt had been made on his life. He came to Brainerd and tried to sell his farm and would have left the country at that time if he had been successful in disposing of his property.

The jury in the case of Ole Peterson vs. Gilmer & Welch returned a verdict this morning in favor of the plaintiff for \$50.

The case of Patrick C. Hardy vs. the Mueller Lumber company was taken up this morning. This is a suit to recover for the price of some logs claimed to have been sold by plaintiff to one of their agents D. A. Robinson. J. N. True appears for the plaintiff and W. H. Crowell for the defendant company.

REGARDING SUGAR BEETS

F. B. Congdon Has Received a Very Encouraging Letter From Another Sugar Beet Concern

F. B. Congdon, who is interested as are a large number of other farmers in Crow Wing county in the sugar beet growing industry, has received the following very encouraging letter from the Menominee River Sugar Company as follows:

"F. B. Congdon, Brainerd, Minn.,

"Dear Sir:—

"Mr. Fink has advised us that you have been instrumental in giving his company considerable assistance in the past among the beet growers in your vicinity, and as we are expecting to follow as nearly as possible the plans of the Minnesota Sugar Company in taking care of the crop of 1905, we trust that you will have the same friendly feeling towards us that you have had towards them, and we will appreciate very much any assistance that you can give us or the growers. We may have occasion from time to time to ask you to perform certain services for us, which, of course, we expect to pay for. We assume all of this after May 6th. We know from Mr. Fink's statement to us that you are in a position to do considerable good for us in your field, and we trust that your relations with us will be as pleasant as they have been with the Minnesota Sugar Company. We would be pleased to hear from you at any time concerning matters that may come up in your vicinity. Thanking you in advance for any courtesies that you may extend, we beg to remain,

"Yours very sincerely,
"G. W. McCormick, Mgr."

Card of Thanks.

We wish to extend our heartfelt thanks to the many friends and neighbors who so kindly administered to the wants of our beloved brother, Daniel F. McIntosh, during his tedious illness, and for the sympathy extended to the members of the family after his death. We especially wish to thank the members of the different orders to which he belonged for their kindly assistance and the many beautiful floral contributions. These acts will ever be remembered with tender significance.

AMID STORMY SCENES

LEGISLATIVE BODY OF PHILADELPHIA VOTES TO LEASE THE CITY'S GAS WORKS.

CROWD HISSES COUNCILMEN

EXCITED CITIZENS CALL THEM THIEVES AND ARE EJECTED FROM THE GALLERY.

Philadelphia, May 19.—Amid scenes of disorder unprecedented in the annals of Philadelphia's legislative body the city council at night voted to lease the city's gas works to the United Gas Improvement company for a term of seventy-five years for the total sum of \$25,000,000, the money to be paid in various amounts before the end of 1907. Council chambers and committee rooms were crowded with excited citizens protesting against the lease to the Gas Improvement company from 1 p. m., when the proceedings opened in the finance committee room, until after 8 p. m., when the select council passed the bill and sent it to the mayor.

The climax was reached when the vote in common council was announced after three hours of debate.

The moment President George McCurdy of common council announced the vote a great protest was started in the gallery, which was crowded to the door. From all over the gallery came hisses and cries of "thieves."

The outburst was somewhat startling to the presiding officer, who made a vain effort to quiet it. Finally he sent for a squad of police to clear the gallery, which started the disorder anew. The crowd continued to hiss and call the councilmen thieves and other names, until the police arrived and started to clear the gallery. As the crowd moved out they sang uncompromising songs. In clearing the galleries there were several passages between the police and the crowd.

Disorder During Proceedings.

Throughout the proceedings there was much disorder. In select council there were so many speakers that no one dared to interrupt the proceedings. There was neither a cheer nor a hiss when the bill passed that body.

The opposition to the passage of the bill resulted in the common council amending the measure so as to provide for a slight reduction in the price of gas. The amendment as adopted provides that the price of gas from the date of the lease until Jan. 1, 1911, shall be \$1 per 1,000 cubic feet, the same as the present price; from 1911 to 1921, 95 cents; from 1921 to 1936, 90 cents; from 1936 to 1956, 85 cents, and thereafter until the expiration of the lease in 1980, 80 cents.

Mayor Weaver has announced himself as unalterably opposed to the lease and in favor of a postponement until 1907, when the first ten years of the present thirty-year-lease to the United Gas Improvement company will expire. At that time the city has the right to take back the works on payment to the gas company of the amount of money expended in improvements. Mayor Weaver is expected to veto the bill and in that event both chambers will probably pass it over his veto.

The vote in common council was 74 to 8 and in select council 37 to 6. There is only one Democrat in each body and both voted against the lease. Citizens who fought the lease may take the matter to the courts.

Trouble Began at the Start.

The proceedings of the day began at 1 p. m., when the finance committee held a public session to hear protests from citizens' organizations. There was a large crowd present and a disorder began almost at the start of the meeting. The committee had before it two propositions, one from the United Gas Improvement company, and the other from E. B. Smith & Co., bankers of this city, representing New York and Philadelphia capitalists. The Smith bid differed from the other in that it proposed to share the profits with the city at the rate of one-third for ten years and one-half for the remaining sixty-five years, and also provided that the city reduce the price of gas as the profits increased. The committee after a stormy session favorably reported the gas company's lease to common council. The committee stated that the city was in immediate need of \$19,000,000 and its borrowing capacity was only \$15,000,000, and therefore it was advisable to lease the gas works for money to be paid in advance.

The common council then passed the gas company lease bill and fifteen minutes later the bill was passed by the select chamber, which had taken a recess to await the measure.

Samuel Crothers, who fought the bill in this chamber, shook his fist in the faces of the leaders and said it was the "blackest crime ever perpetrated by councils of the city of Philadelphia."

Shoots His Wife Dead.

Durand, Wis., May 19.—Joseph Gane, aged forty-five years, a farmer near Eau Claire, Dunn county, is alleged, during the day killed his wife, aged thirty-two years, with a rifle, one shot passing through her arm, another entering her breast and the third passing through the back of her head after she had fallen. Gane is a half-breed Indian. Jealousy was the motive.

ON NEWSPAPER SUPPLEMENTS.

Assistant Postmaster General Madden Issues Further Instructions.

Washington May 19.—To make clear the position of the postoffice department as to what shall constitute a newspaper as determined by the regulations pertaining to second-class matter, Third Assistant Postmaster General Madden during the day issued instructions supplemental to those of April 10, last, intended as a response to further inquiries and hypothetical questions put to the department by newspaper publishers. Mr. Madden states that a general interpretation which will cover every case that may arise cannot be given in advance, but for the benefit of postmasters and such publishers as are concerned the meaning and effect of the law are stated in general terms. After stating that under the law the enclosure of matter of a higher class with matter of a lower class subjects the whole to a higher rate, the instructions define newspaper supplements as something "germane" to the publication itself, that is, that the paper itself would not be complete without the supplement, both together to form one integral whole. It is not sufficient for an alleged supplement to be given a notice in the main publication as a sort of hook upon which to hang something which is not a supplement in fact and which really has an independent purpose and function. That is to say, a merely colorable reference will not suffice, the connection must be real, not fictitious. As an instance, if the publication itself should contain an article on the Philippines and the supplement should be a map of those islands, the map would be held to an extraneous thing and not mailable at second-class rates.

This ruling goes into effect Sept. 1, 1905.

Dinner to Whitelaw Reid.

New York, May 19.—Three hundred prominent men attended a farewell banquet given to Whitelaw Reid, United States ambassador to Great Britain, by the Lotus club at night. President Frank R. Lawrence acted as toastmaster and at the table with Mr. Reid were Senator Depew, Clark Howell, M. H. De Young, Edmund Clarence Stedman and many other noted men.

KILLED IN COLLISION

EIGHT TRAINMEN MEET DEATH AND FOUR OTHERS ARE INJURED.

Echols, Ky., May 19.—In a collision between two Illinois Central freight trains during the day, eight trainmen were killed and four others injured.

The collision was between a north-bound fast freight and the Louisville and Central City local freight. The misreading of its orders by the south-bound crew, it is said, caused the collision.

TRIAL OF WOOD NEARLY ENDED.

Unusual Murder Case Will Soon Be Concluded.

Somerville, N. J., May 19.—Unmoved by testimony introduced to show that the "little black man" is only a myth invented to save him from the gallows, George H. Wood, charged with the murder of George Williams, sat through two long sessions of his trial during the day. Even when his wife became hysterical and wept on his shoulder he showed little interest in the proceedings and was not at all affected by the collapse in the courtroom of Mrs. Williams, the wife of the murdered man.

The state introduced fewer witnesses than was expected and it is now believed the unusual case will be given to the jury during the afternoon.

In closing his address to the jury Mr. Roger, the prosecuting attorney, said:

"The state contends that George Wood deliberately and wilfully murdered George Williams, and asks for a verdict of guilty in the first degree."

BY A UNANIMOUS VOTE.

Wisconsin Senate Passes Administration Railroad Rate Bill.

Madison, Wis., May 19.—The senate at night passed the administration railroad rate measure by a unanimous vote after voting down several amendments. The bill in the main is as introduced in its original form and also passed the assembly by a large majority. It provides for an appointive railway commission of three members with a salary of \$5,000 per year, with power to prescribe just and equitable rates, charges and regulations, to govern and regulate freight and passenger rates and switching and other charges, to correct abuses and prevent unjust discriminations in railroad rates.

Attack on Tuberculosis.

St. Louis, Mo., May 19.—Contrary to usual custom of Baptist conventions, the place of next meeting usually being selected by a committee, the delegates during the day practically unanimously voted on Portland, Ore., as the place for the Baptist anniversaries in 1905.

ROADS FAILED TO REPORT.

Railways in Wisconsin Did Not Make Known Their Earnings.

Madison, Wis., May 19.—The governor at night transmitted to both houses of the legislature a communication on the investigations that Railroad Commissioner Thomas has been conducting during the past two and a half years for the purpose of ascertaining whether the railroads operating in Wisconsin have reported their complete gross earnings for taxation purposes. The governor says that the investigation so far shows that the roads failed to report since 1897 about \$9,500,000 of their earnings, which would make \$420,000 due in back taxes from them. This includes refunds, hotel appropriations and donations for various purposes.

The Critical Periods

In A Woman's Life

Are When the Change Comes From Childhood to Womanhood and Later When the Organs of the Pelvic Region Cease Their Work.

DR. A. W. CHASE'S NERVE PILLS.

When the child changes from girlhood to womanhood and again later in life when the organs of the pelvic region cease their work, there is a strain thrown upon the nervous system, that requires outside aid that there may be supplied a proper amount of additional strength and restorative power. This Dr. A. W. Chase's Nerve Pills do to a certainty by their ability to supply to the nervous system and the organs affected, an amount of nerve strength and energy that enables them to accommodate themselves rapidly and easily to the changes taking place.

Mrs. Julia Rowland, of No. 264 Pearl St., Buffalo, writes:

"Both myself and daughter, aged 17, are deeply indebted to Dr. A. W. Chase and his Nerve Pills. They certainly are a grand tonic to the nerves. I used them about a year ago, to give me the strength and vitality to go through the ordeal that usually comes to woman at change of life, and found all the nervousness, crying spells and weakness disappear in a hurry. This led me to give them to my daughter about the time she began to have the endless trouble some girls do in early life, and the medicine acted equally as well with her. She grew strong and steady—the color became good—the languor and lassitude disappeared and she was able to go about her school duties as usual. I consider the Dr. A. W. Chase Nerve Pills unequaled as a nerve and general tonic in such cases and gladly recommend them to others who suffer in a similar manner." 50c a box at dealers or Dr. A. W. Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and circulation restored, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific

The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.
